Elevate your skills for a global engineering career. This is a 3 week intensive course on multidisciplinary engineering research with a focus on transportation technology and engineering. Students will be working on an engineering project in small groups to practice their learning to actual application. The program aims to foster creative thinking, enhance practical engineering skills and problem-solving skills through hands-on lab experiments and supervised group projects. It will help students prepare for graduate level study and research.

Program Features

- Intensive classroom and lab instruction delivered by MSU engineering faculty. Visit MSU Mobility Studio to learn cutting edge research carried out by MSU in the autonomous vehicles and their environment.
- Receive advising on career planning and apply for top graduate schools in the U.S. If students apply for MSU graduate school, application fee $50 will be waived.
- Visit MSU facilities including Library, Innovation Center, Entrepreneurship lab, Organic Farm, Planetarium, MSU museum, Broad Art Museum, MSU Football Stadium, MSU Dairy Store, etc.
- Educational field trips to Lansing (Capital city of Michigan), Detroit (World's Motor City) and Lake Michigan (World's sixth largest freshwater lake)
Apply online at vipp.isp.msu.edu

Application
- Closes on May 31, 2017

About VIPP
The Visiting International Professional Program (VIPP) at Michigan State University (MSU) is a world leader in providing executive education and professional development training. Our non-degree certificate programs help prepare today’s professionals from all disciplines to become tomorrow’s leaders in a new global world. Founded in 1991, VIPP has trained over 4,000 professionals from 30 countries including Brazil, China, Indonesia, Malaysia, Japan, Libya, Mongolia, Saudi Arabia, South Korea, Russia, Thailand, Turkey and many others.

Michigan State University
Seize a life changing experience of living at MSU, East Lansing, Michigan, one of the top research universities in the world and the largest residential campus in the U.S. Gain perspectives of American student life by interacting with MSU students and faculty.

MSU has been advancing the common good with uncommon will for more than 150 years.

The nation’s pioneer land-grant university, MSU is one of the top research universities in the world and offers nationally ranked and recognized academic, undergraduate research, residential college, and service-learning programs.

MSU enrolls more than 50,000 students from all 50 states and more than 130 countries. Approximately 15 percent of MSU’s students are international. MSU employs more than 2,000 tenure system faculty members, and offers more than 200 programs of study in 17 degree-granting colleges. Located in East Lansing, three miles east of Lansing, Michigan’s capital city, MSU has one of the biggest and greenest campuses in the nation, occupying 5,200 acres with 538 buildings.
