2024 STUDY OF THE U.S. INSTITUTE (SUSI)

Home Hospitality

PROGRAM OVERVIEW

In partnership with MSU Global Studies in the Arts and Humanities, the Visiting International Professional Program is again coordinating a Civic Engagement program as part of the Study of the U.S. Institutes (SUSI) for a group of 20 student leaders from Europe this summer. The program is sponsored by the Department of State Educational and Cultural Affairs (ECA).

ENGAGE WITH SUSI

An important goal of the SUSI program is cultural exchange between the U.S. and Europe among our young people. We are excited to offer an opportunity to host two to four SUSI students for a home hospitality visit on Saturday, July 20. All students are undergraduate or graduate students between the ages of 18 and 25. If selected, you will host the students at your home for lunch and early dinner. You can arrange any fun activities indoors or outdoors with your family members, friends, and neighbors.

HOST A HOME HOSPITALITY VISIT

- Be a cultural ambassador for Michigan and the US!
- Learn from the SUSI students about their culture, language, and their journey to the USA.
- Stipend of $40 per student will be provided to selected host families.
- All students are required to be fully vaccinated against Covid-19.
- Briefings will be provided by VIPP in late June.

APPLY TO HOST

Email James Magee at mageeja@msu.edu by May 31, 2024.
