VIPP Hosts Tailgate Party During MSU vs. Wisconsin Football Game

▲ Above: Guests enjoy a special tailgate party hosted by Visiting International Professional Program.

A series of tailgating events were held during the Michigan State University football game against the University of Wisconsin on October 2. VIPP hosted a tailgate party for visiting students and professionals. The event was held under a tent near the International Center on the MSU campus. Guests enjoyed great food, fun, and networking. The day was a little cool, but warmth from the grills kept the Spartan spirits alive. To top it all off, Michigan State University ended the game with a victory of 34 - 24. ■

From the Director

Special VIPP cultural experiences are being offered to our visiting scholars and professionals. We kicked off the series of events with a tailgate party and will continue the special events with in the coming months.

Our next event is a Cider Mill Trip on October 23. Following that will be a Halloween Culture Night on October 26.

We hope you will join is in our upcoming events. Please continue to stay connected with us. ■

Michael Miller, VIPP Director
